The Australian Nurses Journal Index to Volume 12, 1982-83

The 'Journal' has been indexed by author/title/subject with entries arranged in alphabetical order using the Latrobe University indexing method. All articles are indexed as are other items from sections such as 'The Profession'.

The 'Journal' index is divided into two sequences:

1. The author listing, in which articles are listed in alphabetical order, under the authors' surnames:
   E.g.: BOULDEN, Linley. "Weight problems in children and adolescents." No. 11, June 1983, 32-33.
   GLAZEBROOK, Rozanne. "The dengue fever threat." No. 8, March 1983, 44-45.
2. The subject listing, in which articles are listed in alphabetical order, under the headings for subject:
   E.g.: TETANUS
   Langslow, Amelda. "Tetanus remembered." No. 6, December/January 1983, 34.
   Peacock, Sabine. "Tetanus examined," No. 3, September 1982, 35-36.

Articles which appeared in the "Practice" or "Research" sections of the "Journal" are indicated by a note in brackets, following the title:
E.g.: Hope, Alison. "The relief of constipation in the elderly." (Research.) No. 10, May 1983, 45-48.

STANDARDS FOR NURSING DIVISIONS

Revision of Standards for the Nursing Division of Hospitals (MAY 1980)

Scope of the content has been enlarged (in over 100 pages) and is now applicable in nursing divisions in all areas where there is an organised nursing service.

Contains a guide to self evaluation of the organisation of a nursing division and includes bibliographical details.

Copies purchased at Federal Office — $4.65.
For postal orders $6.00 each.
For orders over 10 — 10% discount.

Available from RANF
132-136 Albert Road,
South Melbourne. 3205

Cheques & money orders payable to Royal Australian Nursing Federation
